

By-Law No 39

A By-Law to provide for borrowing on the credit of the Municipality at large, the sum of \$11,770.50 for the payment of the costs of certain local improvements.

Whereas under and in pursuance of paragraph (a) of section 269 (a) of the Municipal Ordinance as the said Ordinance is amended by section 12 of Ordinance No. 19 of 1889 certain petitions duly signed were presented to the Council of the Municipality of the town of Edmonton asking that certain improvements should be made upon certain streets of the town to be paid for by a special assessment upon the properties benefited.

And whereas certain of the said improvements were made, the expenditure therefor having been met by means of temporary advances or loans effected in pursuance of Section 14 of the said Ordinance No. 19 of 1889.

And whereas by-law No. 25 of the Municipality provision was made for ascertaining and determining what real property has been immediately benefited by the said improvements and the proportions in which the assessment was to be made on the various portions of the Real Estate so benefited and for assessing the cost of the said improvements by means of a special rate.

And whereas in pursuance of the said By-Law the total expenditure for the whole of the said improvements was \$11,770.50; and there was also ascertained (amongst other things) the cost of the improvements made under each of the said several petitions and the nature of the improvements in each case; the real property fronting upon each of the streets whereon the said improvements have been made; and the extent of its frontage on each street showing under which of the said several petitions the various portions of the said improvements were made; and the proportions in which the assessment ought to be made on the various properties ratable in respect of the said improvements.

And whereas the cost of the said improvements have in pursuance of the said By-Law No. 25 been duly assessed against said lands.

And whereas the probable life of the said improvement as certified by the chairman of the standing committee of the council on public works, being the officer appointed by the council for that purpose, is ten years from the first day of November, 1892.

And whereas the value of the whole land fronting on the streets respectively whereon the said improvements were made and whereon the special frontage assessment is chargeable, is according to the last revised assessment roll \$119,679.00.

And whereas for the purpose of repaying the said temporary advances or loans interest it is necessary and expedient to borrow upon the credit of the Municipality at large the said sum of \$11,770.50 by the issue of debentures, the principal whereof shall be repayable on the 31st day of October, 1902 and which shall bear interest from the 1st day of November, A. D., 1892, in the meantime, half yearly at the rate of six per cent per annum.

And whereas while the said debt is created on the credit of the Municipality at large the Municipality is to collect the same only by way of a special frontage assessment.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount required to be raised annually by a special rate for payment of the said debt of \$11,770.50 by means of a sinking fund as aforesaid and the interest thereon as aforesaid is \$1,064.05.

And whereas the annual special rate for the paying of the said interest and to create the said equal yearly sinking fund for the payment of the principal is a sum computed as follows, that is to say:—each of the parcels of land assessed as aforesaid shall in each of the said years be charged with a sum made up by adding together (1) a sum being one year's interest at the rate of six and one tenth per cent per annum on the amount assessed as aforesaid against such lot and (2) a sum being one tenth per cent per annum on the amount assessed as aforesaid against such lot and (3) a sum being one tenth per cent per annum on the amount assessed as aforesaid against such lot.

Therefore the Mayor and Council of the Municipality of the town of Edmonton in council assembled enact as follows:

(1) This By-Law shall come into force on the first day of March, 1893.

(2) The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality at large the said sum of \$11,770.50 and interest thereon at the rate of six per cent per annum from the first day of November, 1892, and for that purpose may issue debentures of the Municipality at large in sums not less than \$100 each and repayable on the 31st day of October, 1902, bearing interest at the rate of six per cent per annum from the first day of November, A. D., 1892, payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W. T., and to have attached to them coupons for the payment of interest.

(3) For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the payment of the said principal sum of \$11,770.50, there shall be levied in each of the years 1893 to 1902, both inclusive, an annual special rate (over and above all other rates) upon all the said properties assessed as aforesaid under and by virtue of said By-Law No. 25 and the said annual special rate shall be computed as follows, that is to say:—each of the parcels of land assessed as aforesaid shall in each of the said years be charged with a sum made up by adding together (1) a sum being one year's interest at the rate of six and one tenth per cent per annum on the amount assessed as aforesaid against such lot and (2) a sum being one tenth per cent per annum on the amount assessed as aforesaid against such lot and (3) a sum being one tenth per cent per annum on the amount assessed as aforesaid against such lot.

(4) The credit of the Municipality is hereby pledged for the payment of the said sum of \$11,770.50 and interest as aforesaid.

Done and passed in Council this 25th day of January, 1893.

(L. S.) M. McCauley, Mayor.
A. G. RANDALL, Clerk.

I hereby assent to By-Law No. 39 of the Municipality of the town of Edmonton.

(L. S.) J. ROYAL, Lieutenant Governor of the Northwest Territories.

The above is a true copy of a By-Law passed by the Municipal Council of the Municipality of the Town of Edmonton on the 25th day of January, A. D., 1893, and approved by His Honor the Lieutenant Governor-in-Chief on or about the 5th day of April, A. D., 1893, and all persons are hereby required to take notice that anyone desirous of applying to have such By-Law or any part thereof quashed must make his application for that purpose to the Judge of the Supreme Court within three months next after the third publication of this notice, or he will be too late to be heard in that behalf.

A. G. RANDALL, Clerk.

By-Law No 48

A by-law to provide for borrowing the sum of \$15,000 upon the credit of the Municipality.

Whereas it is expedient that there should be raised by the Municipality of the Town of Edmonton the sum of \$15,000 to enable the Municipality to erect a fire hall, to purchase certain fire apparatus required for the use of the Municipality and provide means for a suitable supply of water for purposes of fire-protection.

And whereas the value of the ratable property in the Municipality, according to the last revised assessment roll, is \$664,364.00.

And whereas the amount of the existing debt of the Municipality, other than for current expenses, is \$18,600.55 (incurred in respect of local and permanent improvements) and \$763.30 for interest thereon making together \$19,363.85, whereof no part is in arrears.

And whereas it is expedient to borrow the said sum of \$15,000 by the issue of debentures, the principal whereof shall be repayable in 20 years from the date on which this by-law takes effect and which shall bear interest in the meantime payable half yearly at the rate of 5 per cent per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount which will be required to be raised annually by a special rate for repaying the said debt of \$15,000.00 by means of a sinking fund as aforesaid, and the interest thereon as aforesaid is \$1,203.65.

And whereas the annual special rate on the dollar required as being sufficient to pay the said interest and to create the said equal yearly sinking fund for the paying of the principal is one mill and eighty-two one hundredths of a mill.

Therefore the Mayor and Council of the Municipality of the town of Edmonton in council assembled enact as follows:

(1) This By-Law is to take effect on the 2nd day of July, 1893.

(2) The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality the said sum of \$15,000.00 and may issue debentures of the Municipality to that amount in sums not more than \$500.00 each, repayable within twenty years from the said 2nd day of July 1893, with interest at the rate of five per cent per annum payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W. T., and to have attached to them coupons for the payment of interest.

(3) For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the payment of the said principal sum of \$15,000.00 a special rate of one mill and eighty-two one hundredths of a mill on the dollar, over and above all other rates and taxes, shall be levied (in the same manner and at the same times as the general municipal taxes) upon the whole ratable property in the Municipality in each year for the period of twenty years from the said 2nd day of July, 1893, being the period during which the said debentures will run.

(4) Wednesday the 10th day of May, 1893, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon at the office of the town clerk, Edmonton, is hereby fixed as the day and hour and place for, taking the votes of the electors for and against this proposed By-Law.

EDMONTON BULLETIN APRIL 17TH 1893

STORM AND CALM.

The immunity of the Edmonton district from severe storms whether of wind, rain or snow which has been a long established fact within the knowledge of old residents, has been as strongly confirmed to the satisfaction of new comers by the experience of the past and present spring. Last spring in the latter part of April a severe snow storm prevailed over the greater part of the Territories and Manitoba, greatly delaying farming operations and in some cases blocking the trains. In the Edmonton district plowing did not stop for a day on account of either cold or storm, although the weather turned cool at the time. The same thing occurred last week. While the weather at Edmonton was cool and threatening on Wednesday last and people were complaining of the backward spring, a blizzard was raging in Manitoba and the northwestern States. All through the past winter while trains were being continually delayed by drifted snow in all parts of northern North America, on the hundred miles of track from Red Deer north there was never a delay of one minute by reason of snow or cold. This immunity from storms arises from the shelter afforded by the timber which grows so abundantly in this district and which as well assures a more equal rain fall than is found in any country consisting of open plains.

The Toronto Empire sees fit to allege editorially that the BULLETIN's efforts to have the cattle disease rid out of Peace river emanated from a desire to injure the government, and that its statements were made out of whole cloth. In view of the fact that as a result of the BULLETIN's efforts the government has not only admitted the existence of the disease but has caused to be officially announced that it will be stamped out at the earliest possible date, it would be flattery to call the Empire's statements nonsense and rot. The malice of the Empire is only equalled by its stupendous ignorance, the article evidently being written under the impression that the Macleod grazing district is in the Peace river country. As the organ of a cattle district the Macleod Gazette would show better judgment in calling for the country to be cleared of disease than in republishing from the Empire arguments that would disgrace a backwoods school house.

The April number of the Canadian Magazine is to hand. If any doubted that the high character of the first or March number would be maintained that doubt has been dispelled. The April number in manner and matter—in all except bulk—is not the equal but the superior of any illustrated magazine published in America to-day. This is a strong claim but a comparison will prove it correct. Canadian questions are dealt with vigorously and by leading public men from their several standpoints. This publication is a Canadian magazine in the large and complete sense of the word and should receive the support of every intelligent and progressive Canadian. The subscription price is only \$2.50 per year. Sample copies 25 cts.

The Macleod Gazette, commenting on the proposal of the Indian department to make the Blackfoot nation of Indians self supporting, says that the proposed policy of "no work no grub," will simply mean that the government's gain will be the cattle men's loss.

The Winnipeg Commercial reports that not over 25 per cent of the commercial paper falling due on April 4th was met.

A REPLY TO AN IMPORTANT QUESTION

Which is the best and cheapest Dry Goods Store in Town? is the question now frequently asked by the Settlers, who have recently arrived in this district. In answer to this important question, I would respectfully but emphatically reply, the

MANCHESTER HOUSE.

Dealing as I do almost exclusively in Dry Goods, I have always on hand a larger and better assorted stock than any house in Town. Prices too are cut so fine, that it is frequently remarked by those who seek quotations "Why you are selling as cheap as they do down east, and in fact in some cases cheaper."

Many of the lines have been personally selected in the best English Markets.

LADIES', MEN'S AND CHILDREN'S DEPARTMENTS
HOUSE FURNISHINGS, &c., &c.

Will be found a splendid assortment of goods which cannot fail to please, and at prices that must draw crowds of purchasers.

The Calgary Herald of April 12th, has a would be funny article on an association formed in Palouse, Washington, for the purpose of promoting immigration to Alberta. The circular issued by the association does not come up to the Herald's ideas in construction and grammar. At the same time the Herald throws no doubt on the good faith of the company or the probability of the success of their efforts. Under the circumstances it will strike most people that the Herald could allow its editorial columns to be used for a better purpose than to attempt to throw cold water upon an immigration scheme simply because it was not run according to grammatical rule. The Palouse papers can do all of that work that is necessary.

Winnipeg Commercial, April 8th: "Cold and backward weather has been a drag upon business. The spring is already late, and the weather is still unfavorable. No seeding has been reported yet from the country, and in this district at least, there are no immediate prospect of being able to begin this work. While the backward weather retards business, it is not necessarily the cause of a poor prospect for crops. Early springs have a tendency to dry out the soil before vegetation gets a start, while the present weather will retain the moisture in the ground and leave it in better condition when warm weather does come."

The Calgary Herald correspondent says that twelve families settled in the vicinity of Lacombe station in one week recently. Three were from Nebraska, two from Iowa, two from British Columbia, two from Michigan and two from Ontario. They brought seven car loads of effects.

Calgary Tribune: T. Robinson received word during the past week, through Senator Loughheed, that his scrip claim against the government for services as scout during 1885, had been granted by the department of justice. Better late than never.

Loughheed, McCarthy & McCarter of Calgary have dissolved partnership. Loughheed & McCarter will continue the business and Mr. McCarter will be the head of a new firm.

Calgary Tribune: Inspector Snyder, who was just recovering from an attack of fever, has had a relapse and is again very ill.

A Prince Albert dispatch of April 9th to the Free Press says: At a meeting of the board of trade yesterday afternoon resolutions were passed regarding the delay and unsatisfactory train service on the Prince Albert branch. Telegrams were dispatched to the minister of the interior and postmaster general, urgently asking that the railway company be compelled to fulfil its obligations, and deliver mails, etc., to the public of Saskatchewan with some degree of regularity. A train which left here on the 3rd instant is still at Bonington, a station in Assiniboia. Bishop Pinkham and Judge McGuire, of Prince Albert, are on board. They are holding mock trials to ascertain which is the Jonah.

The largest crowd of immigrants to land this season at Halifax came by the Vancouver from Liverpool on the 9th. She carried 1,340 passengers, seventy-eight only being cabin. Among the passengers were 300 boys from various unions and homes.
